

Your Partner in Excellence

Regulatory Content Service

Regulatory Content Service SAP

PRYMEC provides support service on technical updates for Regulatory Content (e.g., 3E/ARIEL, 3E/SERC, UL ChemADVISOR, SPHERA Intelligent Authoring)

- System analysis
- SAP EHS Configuration Management
- Property Trees
- Phrase Management
- EHS Expert Rules Update
- MSDS Templates
- Testing and rollout

PRYMEC keeps your system environment up to date with Regulatory Content and SDS authoring management for Product Safety and Dangerous Goods. You define the pace of support needed (e.g., quarterly updates) and we provide the expertise and experience.

You benefit from a decreased workload, reduced risk of facing expensive penalties, and diminished costs. Furthermore, you act legally compliant to avoid prosecutions and reputational damage.

Please do not hesitate to **contact us** for more information. We look forward to supporting your business!
